

6.38mm 8.38mm 10.38mm 12.38mm clear float laminated glass manufacture

Clear laminated glass specification :

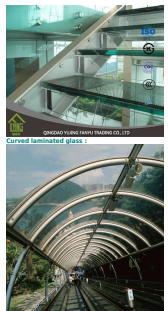

Clear laminated glass is a sandwich of safety glass (made under high temperature by melting) with interlayer between glass. It can be two sheets or more than two sheets. The heat and high bonding pressure will cause air to glass sheets laminated glass for safe glass with excellent performance, stability or stability features. It can meet the external impact and pressure penetration. Once broken, the broken pieces will still be stuck with the middle coating so as to avoid further injury or property loss because of glass falling. However, the whole glass still keeps its integrity and can continue to resist impact and provide a shelter from wind and rain.

Processes	1. Rollin & Heat, 2. Laminating, 3. Annealing, 4. Milling & Polishing, 5. Heat Treatment, 6. Drilling, 7. Grinding, 8. Etching, 9. Coating, 10. Cutting, 11. Packing
Production of PVB	Germany's PVB Film Production Technology
Production of EPOE	Germany's EPOE Film Production Technology
Production of AGC	Germany's AGC Film Production Technology
Production of IGU	Germany's IGU Film Production Technology
Material type	Clear glass or tinted glass

Property :

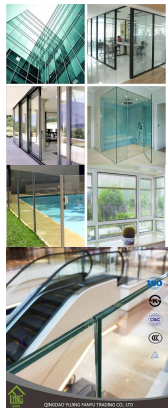

- Extremely high safety. The PVB interlayer will absorb penetration from impact.
- Reduce glass falling damage. Will decrease damage from penetration of stone that and reduce cooling load.
- Create aesthetic value to building. Laminated glass with a coated interlayer will beautify the building and harmonize their appearance with surrounding view which meet the demand of architect.
- Sound control. PVB interlayer is an effective absorber of sound.
- Ultra-violet screening. The interlayer films out ultra-violet rays and prevents the furniture and curblins from fading effect.

Clear laminated glass:

Laminated glass application :

- Exterior wall
- Exterior partitions
- Exterior doors
- Exterior windows
- Exterior curtains
- Exterior and so on.

Packing & Delivery :

Packing: Our factory provides custom with special foam-protected four glass panels, or customized as you need.

Delivery: Clear laminated glass can be shipped within 30 days after receiving your request of TT or LC.

FAQ:

- How long is your minimum order quantity? Our MOQ is 2000sq. Products of different sizes and specifications could be mixed in one container.
- Are you a factory or a trading company? We are a manufacturer of glass and mirror products, and we have our own factory and advanced production lines.
- Can you manufacture to match your drawings? Yes, we can. We can provide you with our factory and advanced production lines.
- Can you do the production as customized? Yes, we can. We can provide you with our factory and advanced production lines.
