Description	Silver Bathroom Mirror is produced through an environmental friendly process, using a clear or tinted float glass of exceptionally high quality and durability. It is coated with a lead-free and copper-free silver film and two layers of waterproof paint.
Advantages	<ol style="list-style-type: none"> 1. The mirror surface is clear and bright, giving distinct and lifelike image. 2. The plating layer is rigid and bond and the protective layer impregnable with good erosion resistance. 3. High quality clear float glass and modern equipment combine to produce nice feeling mirrors of exceptionally high quality.
Function	<ol style="list-style-type: none"> 1. Improving the optical quality and significantly increasing the mirror longevity through a better resistance to corrosion; 2. Adding a feeling of depth to any room; 3. Increasing the aesthetic effects of building.
Certification	ISO 9001:2000, TUV, INTERKET, KS
Packing	Sea worthy wooden crates with paper between each two mirror pieces, cartons, or customized
Delivery	Within 30 days after receiving your deposit of TT or L/C
